Collaboration Expectations

Collaborative project of interest to you

*Chips JU
CCAM*

Scope

*Horizon Europe Cluster 3 (Civil Security for Society)
Horizon Europe Cluster 4 (Digital Industry and Space)
Technology provider, requirements elicitation,
exploitation leader.*

Project impact

*Improved **production** and **scientific** development in AI.*

Project consortium

Universities, research centres, S.M.E. and L.E. working on AI, electric and electronic engineering.
