

SME Pitches

PERTIMM: Sovereign, RAG & Agentic AI - From POC to production

Charles-Henri PUAUX

PERTIMM

charles.puaux@pertimm.com

Company at a glance

- Locations: **France (Headquarters)**
- Number of employees: **≈ 80+**
 - Out of which how many in R&I: **≈ 50%**
- Sales: **€20M**
- R&I expenses as a % of sales: **≈ 20–25 %**
- Competences and products (technologies, target applications and markets):
 - Technologies:** Proprietary, sovereign and governed AI combining semantic search, RAG, agentic automation and brand-safe generative AI for production environments
 - Target applications:** AI-powered search, decision support and controlled automation for complex data, processes and business-critical use cases
 - Markets:** B2B, retail and industrial ecosystems, including regulated and sensitive sectors such as public services, defense and cybersecurity
- Contact details: **Charles-Henri PUAUX - thierry.demars@pertimm.com**

Company's Activities

- Is there any previous experience with collaborative projects?
 - **Pertimm has been involved in multiple collaborative R&D and industrial projects, including national and European initiatives, focused on applied AI, search, data intelligence and secure AI systems**
 - **Mainly partner, sometimes technical lead depending on project scope**
- What sort of interaction exists with one of the 3IAs or other ETPs?
 - **Participation in workshops and ecosystem events**
 - **Contributions to AI and data roadmaps**
 - **Exchanges on applied AI, governance, sovereignty and industrialization**

Collaboration Expectations

Collaborative project of
interest to you

Chips Ju & Horizon Europe

Scope

**Technology development and large-scale
deployment of trustworthy AI**

Project idea

/

Project impact

/

Project consortium

**European AI providers, research labs and
industrial and public-sector end-users. Semantic
search, RAG on sensitive data, agentic AI, and
governed sovereign AI architectures**
